Addis Ababa

ETHIOPIA

July 12-25, 2008

EXPERIENCE OF A LIFETIME

OUR PLACE

The third most populous country in Africa, Ethiopia is among the world's oldest Christian nations, and the only African state never colonized.

Addis Ababa, the capital, is a big, sprawling, hospitable city more than a mile above sea level. Modern buildings and wide open boulevards stand side by side with historic churches, palaces and monuments, as well as simple country-style huts. Addis is a culturally rich and vibrant city.

Addis Ababa is an official diplomatic capital of Africa with more than 90 embassies and consular representatives, which makes it the 4th largest diplomatic center in the world.

Addis is headquarters to:

- UN Economic Commission for Africa
- Organization of African Union (OAU)
- Africa Union (AU)

OUR TEAM

Twelve adults and senior high students from CFC who are ready to serve will travel to Addis Ababa from July 12-25.

OUR PLAN

The team will spend **13 life-changing days** in Addis Ababa and Nazaret, 60 miles south of the city. We will be serving the Ethiopian Young Life staff as they run an **outreach camping experience** for underprivileged Ethiopian students. Last July, we witnessed over 100 Ethiopian kids begin relationships with Jesus Christ. In addition, we will serve an orphanage for children who have lost parents to HIV.

OUR PARTNERSHIP

Young Life is a non-denominational, Christian organization committed to **impacting kids' lives** and preparing them for the future. For more than six decades, Young Life has been introducing adolescents to Jesus Christ. Young Life staff and volunteer leaders provide strong, positive influences and help students grow in their

faith. Young Life is a well-established and trusted NGO in Ethiopia. www.younglife.org

OUR PROCESS

We plan to have our team in place by mid-February, following an application and interview process. We will meet regularly to learn about the culture, begin support-raising, and grow together as a team. This will all be done under the guidance of Student Ministry Director, Jason Craig, who lived in Addis Ababa with his wife for a year. Each team member will raise \$2,500.
