

Prayer Requests from CFC Partners

Compassion International

Our world is certainly full of “alarms” right now. Will you take a moment, today, to intentionally lean on Christ’s ever-lasting arms? They will hold you.

Will you also pray for the children and families we serve, who are still feeling the devastating effects of the pandemic? Pray that they, too, will know the safety and security of their Savior’s love. And pray that our frontline churches can be the hands and feet of Christ to these precious families.

Pray that God would supply a miracle of financial provision for Jhostin in Honduras so that he can receive the medical care and surgery he requires.

Pray that the treatment that Emmanuel, 19, in Uganda, is receiving for his brain tumor would be successful.

FCA- Mike Hojnacki

-Salvation and spiritual growth for our Mid-Atlantic College Campers (140+) in the month of June.

-Perseverance as our staff pivot and execute the new Legends Experience in the month of July.

-For intentional rest and refreshment for our staff, volunteers, and board members.

Hope International

Pour out Your presence

Speak through Your Word

God, You know that the transition to online services has been difficult for the Church in Ukraine, which highly values face-to-face interactions. We know that Your Word is “alive and active” (Hebrews 4:12), and we pray that regardless of the medium, the message will be received.

We praise You, God, that Your Word is reaching more people in Comas, Peru. Thank You for the way the church body has been praying for and reaching out to their neighbors. Thank You for the incredible participation in a recent prayer meeting, in which over 1,000 participants joined a 2.5-hour time of prayer. We pray for Your continued inspiration for the pastors of Comas, who are leading daily

devotions. Fill them with Your words and Your spirit to persevere, as well as wisdom about how to distribute aid in their communities.

We pray in every nation, Christ be known

Thank You for the family in South Asia* whose father has, for the first time, grown open to the Gospel after receiving a month's supply of food from HOPE's partner.

God, we praise You for the 40 men and women who gave their lives to You in February at a day of prayer held by Turame, HOPE's microfinance institution in Burundi. We pray that the church and Turame's staff would be able to continue discipling these individuals during this time.

God, we pray that men in women in Paraguay will come to know You more deeply as Diaconía, HOPE's partner, has launched "The Oxygen Campaign." Thank You for the chaplains who are proactively reaching out to share the Gospel and pray with families served, as well as those answering phones at a call center Diaconía established to field prayer requests.

Thank You for the way that meeting felt needs is opening doors to share the Gospel around the world. We're grateful for the East Asia* staff member who provided cooking lessons over the phone for a recently widowed loan recipient who relied on restaurants to feed his family after his wife passed away. One loan recipient said, "You believers are not the same as the others." We pray that more men and women would see a difference in us as Christ's followers.

*Names withheld for security.

Immerse

- Please pray for direction for the young girls in the "Bridge the Gap" program. Pray that they would feel encouraged about their decisions to study English and go to college in the fall, and that strong relationships would be built between each other and staff at Immerse.

- We are asking God for wisdom for how we use the on-line tools we learned during COVID to serve more students through our English classes.

- We are also praying for wisdom as we adapt and innovate in response to changes in residential needs for those staying in our International House.

Prayer Requests from CFC Partners

IJM

"The Lord's justice will dwell in the desert, his righteousness lives in the fertile field. The fruit of that righteousness will be peace; its effect will be quietness and confidence forever. My people will live in peaceful dwelling places, in secure homes, in undisturbed places of rest."

– Isaiah 32:16-18

Africa & Europe- Please pray for the Uganda team as they have recently taken on two domestic violence cases — one that resulted in the death of a child, and one that resulted in serious injury to an infant. Pray for God's mercy and healing for the infant who is in the hospital now. Pray for our team to be able to support surviving family members well in the midst of so much deep pain and suffering, and for police and the justice system to follow up quickly on these cases so that justice can be done.

Latin America- Pray for wisdom for court authorities in Bolivia as they begin rescheduling hearings under what the government calls "dynamic lockdown." This new measure allows cities with a smaller concentration of COVID-19 cases to regain some normality and requires cities with a higher number of confirmed cases to continue to comply with strict quarantine requirements. As courts open up or hold virtual hearings when possible, pray for political will to move cases of sexual violence against children forward instead of delaying justice for survivors and their families.

South Asia- Please pray that the judgment coming up soon in a 2013 case of bonded labor would be fair. In this case, IJM helped local authorities rescue three adults (and their five young children who were not working) from ongoing violence and appalling conditions at an embroidery factory. This was one of the first times IJM ever took a case in the embroidery and textiles industry. Please pray that a judgment will be delivered soon (even during pandemic delays) and that the factory owner will be held accountable for exploiting these young families.

Southeast Asia- Praise God that in Thailand, despite the pandemic lockdown, IJM, government partners and local stakeholders have been able to provide relief packages to some of the most affected communities of migrant workers. Providing support to these workers has also been a cause championed by the Thai public. Andrew Wasuwongse, Field Office Director of IJM Bangkok reiterated that *"we remain vigilant - standing with our government and other partners to make sure emergency needs are*

Prayer Requests from CFC Partners

met. However, fishermen face increased risk not only from COVID-19 but also from non-payment of wages and forced labor. Therefore, we work to ensure that there is justice and protection for all."

Continue praying for fishermen and other migrant workers who are at risk from crimes like trafficking, that they would be protected and safe during this time.

Men of Iron

-Pray for staff, and the board of directors as we make decisions for the future.

-Pray for men to answer the call to mentor, in this season.

-Pray that the eyes of me would open up, and they would accept this invitation into mentorship.

Pioneers

Lord, "What do you long to do and how can I join you in that?"

All of 2 Asian nations to follow Him!

That's what I (Phil) believe the Lord said.

Depression grips these nations.

Few have heard that Jesus wants to fill them with His love.

The size of the challenge surprised us, but...

We prayed.

The Lord connected us with a mission's leader, serving 1 of these nations.

This leader brought others from their mission agency to work with us.

Lord willing, tomorrow we'll take another step forward to spread Jesus' love in this Asian country

Will you pray Psalm 67 for these 2 Asian countries?

Siloam

Siloam Ethiopia is working hard bringing awareness, teaching, and distributing masks & soap. So far we have given over 600 masks! Covid-19 did not hit our region as bad, by the grace of God.

Thank Very much for your continuous support

Please consider supporting Siloam with an upcoming fundraiser. We are having a curbside pick up fundraiser on Saturday, June 27th, from 1-7pm at 175 Church Street, landisville PA 17538. For more information, please see the Facebook post.
